Adaptive Classroom Training Appliance

Package Based on SAFELANDUSA | SafeGulf | IADC RigPass Course
Syllabus* Training System plus ALL the **SafetyPoints®** Packages
NOW- YOU CAN BRING THE TRAINING IN-HOUSE

The SafeLandUSA program was rolled out to the South Texas Region starting on
December 17, 2008 through the South Texas Exploration and Production Safety
(STEPS) network.

This appliance is designed for use in your classroom...rather than using a third
party training facility...SAVE TIME and REDUCE TRAINING COST. The Appliance
organized the materials for the efficient delivery of the training. Editing
capabilities along with documentation for edits and use included. Make the
Training **"Your Own"** with the capability to update and revise as needed.

Pre Configured System for Delivery of the **SafetyPoints®** Classroom Training Packages, Includes:

- Laptop with Delivery software installed
- Speakers
- Wireless Mouse
- Presentation Mouse
- USB (2GB)
- Still/Video Camera
- Studio Quality Microphone
- Transport Case
- Custom Install of your Training Packages**

Price \$8,999.00 ; Includes preconfigured laptop
installed with Training Package(s) and delivery
software.
